

Table 3

**ALL SOURCES OF FUNDING FOR EARLY INTERVENTION SERVICES:
IDENTIFICATION AND COORDINATION OF RESOURCES**

Funding Sources and Supports During the Reporting Period					
Sources of Funding	Amount of Funding	In-Kind Contribution	Services and/or Activities Supported by Each Source	Barriers to Accessing Funds	Comments
Federal Part C	\$7,890,744		All Services and Activities		We have concerns about the basis for Part C fund allocations on state population rather than numbers of infants and toddlers with disabilities served.
Federal* (Specify)					We have general concerns about Federal and State legislative funding constraints.
Medicaid Federal	\$7,300,114		EI Medical Services, Intake, Eligibility, Claims, Personnel Development & Training, Quality Assurance, Child Find, System Coordination		
TANF Federal	\$12,636,907		EI Non-Medical Services		We have new concerns that there will be competition among programs (for example, child care v. EI) for TANF Federal funds given the down turn in the economy.
State* (Specify)					
Early Intervention	\$7,308,471		All Services and Activities		

*Be sure to include all sources of Federal, State, and/or local programs, including: Maternal & Child Health (Title V), Medicaid, Developmental Disabilities, Head Start, TriCare, Part B, etc.

Funding Sources and Supports During the Reporting Period

Sources of Funding	Amount of Funding	In-Kind Contribution	Services and/or Activities Supported by Each Source	Barriers to Accessing Funds	Comments
Medicaid State	\$3,428,661		EI Medical Services, Intake, Eligibility, Claims, Personnel Development & Training, Quality Assurance, Child Find, System Coordination	Caps on State Medicaid funding	
SSBG State Supplement	\$10,945,470		All Services	Decreasing, and possibly being eliminated	
TANF State	\$17,547,702		EI Medical Services		
MCH/CSHCS State	\$92,385		Intake and Eligibility		
Local* (Specify)					
Private Insurance, Fees				The barriers relate to our own lack of infrastructure for billing insurance, the no cost provision in Part C, the inability of states to regulate self-funded plans, and the lack of uniform insurance industry policy on provider enrollment, prior authorization, billing information requirements and coverage of EI services.	
Other(s) Non-Federal (Specify)					

Funding Sources and Supports During the Reporting Period

Sources of Funding	Amount of Funding	In-Kind Contribution	Services and/or Activities Supported by Each Source	Barriers to Accessing Funds	Comments
Voluntary Family Co-payments	\$15		All Services		
Total Early Intervention Support	\$67,150,470
